I enrolled myself in Vajiram's Rankers program and ethics enrichment program which helped me in improving my answer writing skills.

I am especially thankful and grateful to Birendra Sir for his constant mentorship and precise inputs, even till the last moment, significantly improving the quality of my answers and <sup>helped</sup> helping me gain confidence.

I was enrolled in Rankers Program at Vajiram and Ravi. It catered singlehandedly my current affairs preparation and test series. The model answer and mentorship at the end of each test helped a lot. I am grateful for this guidance.

Hi Everyone,

I'm thankful to Vajiram and Ravi for providing me the opportunity to work as an evaluator in 2024.

I evaluated Sure shot test series copies. It helped me enrich my knowledge as well as cutting the clutter. Mohit Ahlawat Sir, as a Reviewer, gave me a new perspective for GS Answer writing.

Thankyou and Regards,

This is Walter Sylesh and I was a part of MAINS CAMP - 2025. The program helped me improve my answer-writing skills through its timed daily answer writing, quality evaluation and personalized mentorship. Really grateful to have gained guidance from Mohit Sir and Birendra Sir who taught me to think broadly and also sharpen my answers in GS. Consequently, I have increased my scores and also made it to the final list. Would recommend such a program for all those writing Mains with a view to clear the cut-off.

This is Mohit Ahlawat (AIR 281, IES AIR 01),  
I would like to thank Birendra Sir & Mohit Ahlawat Sir of Vajiram & Ravi wrt. CAMP programme. Sir has given us every ingredient that was required in '95'. Thank you!

I started my journey of UPSC with foundation course of Vajiram and ending it by thanking the faculties and the team esp. Rankers programme. (Mohit Sir) Jayant Sir (for Smart CA) classes

Mains Camp @ Vajiram and Ravi played an crucial role in my journey, the regular timebound answer writing sessions with very novel & exam-centric questions were very helpful and the post-session analytics & feedback by Mohit Sir and Birendra Sir were excellent, which helped in brainstorming & structural formulation.

I was part of Sureshot mains test series, and it significantly improved my answer writing and time management. The structured tests and detailed feedback, mentor support helped me understand my strengths and work on my weaknesses, overall it was valuable step in my preparation.

# About the Program

## Sureshot PYQ Dominator

Every topper has one advantage — they don't just practice PYQs, they decode them. **Sureshot PYQ Dominator program** gives you that same edge: **26 tests before & after Prelims**, each built on 20+ years of PYQs linked with current affairs, so you stop writing in the dark and start writing what UPSC actually rewards. **And unlike regular test series, you learn directly from UPSC Rankers — through live writing demos, thinking-process sessions, and 1-to-1 feedback.** This isn't practice. This is the shortcut to writing like a topper.

## Features of the Program

- 1. PYQ Anchored Reverse-Engineering Pre Test Brainstorming Discussions in recorded format for Every GS Topic** – Discuss themes, core demand, and answer Frameworks/Templates
- 2. Note Preparation** – Create structured notes based on brainstorming insights.
- 3. 26 HLT & FLT Tests** – Practice theme-based tests before and after Prelims.
- 4. Evaluation by a team of Rankers & Subject Experts** – Post-test feedback for actionable improvements.
- 5. 1:1 Mentoring Sessions with Rankers and Experts** – Personalized guidance on preparation strategy.
- 6. One-Pager Notes – Concise Mains Smasher notes to finalize preparation before Prelims.**

**Many aspirants step into programs with high hopes, but very few pause to ask the tough questions:**

- 1. PYQs Alone Don't Unlock Success:** PYQs are the blueprint, yes — but unless someone tells you *which themes matter* and *how to prioritize*, you're just solving questions in the dark.
- 2. Pattern is Changing, Guidance is Missing:** UPSC evolves every single year. But who really teaches you to *decode the examiner's intent* and adapt to new styles of questioning? Without this, even the most hard-working aspirant stays confused.
- 3. Static-Dynamic Linkage: The Silent Killer:** We all know answers need both theory and current affairs. But knowing is different from doing. Without structured training on *how to integrate them*, answers remain half-baked.
- 4. Practice Without Skill-Building = Hollow Effort:** Test series give you practice, but practice without feedback on structure, flow, and example-use builds repetition, not skill. You keep writing, but marks don't rise.
- 5. Confidence Comes From Value Addition:** What separates an average answer from a 120+ answer? Data, committees, judgments, fresh case studies. Without ready access to value-add capsules, confidence stays shaky.
- 6. Toppers' Process, Not Just Product:** Model answers show you the final script, but toppers succeed because of their thinking process. Very few programs bring toppers in front of you to explain that journey step by step.

# What does this program offer?

## 1. PYQ Anchored Reverse-Engineering Pre Test Brainstorming Discussions

- **Reverse-Engineering Workshops** → Break down 20 years of PYQs into themes, sub-themes, and hidden patterns.
- **Theme-Wise Tracker** → students know which areas UPSC repeats and which are neglected.
- **Outcome: No blind practice, only theme-targeted preparation.**

## 2. Identifying evolving pattern in Brainstorming Session

- **"Examiner's Lens" Sessions** → Faculty + rankers decode how UPSC's demand has evolved (e.g., from descriptive to analytical, or fact-based to opinion-based).
- Show trend-mapping sheets → compare old vs recent questions.
- **Outcome: Students predict question types and write with the right orientation.**

## 3. Static-Dynamic Linkage to know how PYQ Themes are Evolving in the Nature

- **Static-Current Affairs Bridging Capsules** before every test in Weekly Brainstorming Session
- **Outcome: Students practice real linkages instead of just hearing the term.**

## 4. Answer Architecture Modules

- **Answer Architecture Modules** → teach structure (Intro-Body-Conclusion, value addition, flowcharts).
- **"Ranker's Writing Demo"** → rankers write answers live → students see how structure, examples, and keywords are woven in.
- **Outcome: Skills are trained before practice, so tests become learning tools.**

## 5. "Ranker's Thinking Process" Sessions

- **"Ranker's Thinking Process" Sessions** → toppers explain how they understood the question, what they chose to write, and why.
- **Ranker-Student 1:1 Clinic** → students get direct feedback from toppers in 1-1 Session.
- **Outcome: Students absorb the mindset, not just model answers**
